The Sloan's Lake neighborhood features a broad range of home styles and prices for residents attracted to one of the city's most beautiful lakes. Bounded by West 29th Avenue, 17th Avenue, Federal and Sheridan, the Sloan's Lake neighborhood is arranged around a dazzling park with two connected lakes at the center. Residents enjoy the three-mile bike-and-pedestrian path around the lake as well as fishing, boating and even Jet Skiing when the weather is warm. Lake Middle School is a historic landmark on the lake's eastern shore. The neighborhood is just a few short blocks to popular Highland Square, with some of Denver's best neighborhood shops and restaurants. Grocery and retail is also close by! Sloan's Lake is a great neighborhood for residents who work in the city and love to escape to the mountains.
